Description

Looking for the ultimate fishing weapon? Look no further than the FC 700 Hardtop.

With its wide body cabin and raised shearline the FC 700 has the room and looks to match its blue water capabilities. With a large front [FC Ballast Tank](#) to calm the seas and the [FC Underfloor Flooding Chamber](#), the stability/fishability at rest will impress.

We have been constantly improving the FC 700HT and now with 6mm hull, 5mm sides and 4mm cabin the ride and handling have been further enhanced. Impressive looks and practical layout in either a full lock up cabin or open hardtop will depend on your individual requirements. With full game rigging options and being able to walk and fish from the stern cage to the flat bow platform gives you a 7meter boat with so much more.

We pride ourselves on being able to customise almost every aspect of the boat to suit your needs like a lockup cabin if you wish. Start your FC journey today and let's turn your dream into a reality.
