## Description

### X-RIDER SERIES

The X-RIDER Series was designed with one overarching principle: to create a versatile series of family-friendly all-rounders that offered bow to stern boating without compromise. The bow-rider layout popularised by American-designed "runabouts" often place form over function. Revival dispenses with conventional wisdom by grafting flexible open interiors onto Revival's soft riding fibreglass hulls. Outboard powered for efficient and reliable boating in all environments, the X-Rider Series now comprises 3 hull sizes: R530, R560 and R590 to cater for any mission and budget. "X" really does mark the SPOT!
